

## CELEBRATE THEIR GOLDEN WEDDING

Rev. and Mrs. Thos. Walker  
Observe Fiftieth Anniver-  
sary Monday

Judge D. H. Walker was in Appleton, Monday in attendance at the fiftieth wedding anniversary of his parents, Rev. and Mrs. Thomas A. Walker. Rev. Walker, who formerly resided in Rhinelander and has a host of friends here, is one of the oldest members of the Methodist Episcopal conference of Wisconsin and has held as many charges in this state as perhaps any minister.

Mr. and Mrs. Walker were united by the Rev. Thomas Hughes at Nekimi, Winnebago county, October 13, 1863. Mr. Walker was born in Manchester in 1835, while his wife, Miss Dorothy Morgan, was born two years later in Wales. Both came to America when about 16 years old. The three children present at the reunion were Judge D. H. Walker of this city, S. T. Walker of Madison and Mrs. W. T. Reid of New West minister, B. C., with whom Mr. and Mrs. Walker expect to make their future home.

They took up their residence in the town of Kossuth, Manitowish county, in 1857. It was there that Mr. Walker became affiliated with the Methodist church and was licensed a local preacher and spent some time on Gibson and Maple Grove circuit as circuit rider. He was ordained a deacon in 1863 and taken into the Wisconsin conference as a full member.

Aside from serving as a circuit rider, the Rev. Mr. Walker has served as pastor in sixteen Methodist churches in Wisconsin. The most important of these are: Medina, Wausau, Oconto, Neenah, Marinette, Wausau, Brandon, Clemensville, Columbus, Edgerton, Janesville, Milwaukee, Fond du Lac (presiding elder for six years in the Fond du Lac district) and Wauwatosa.

Mr. Walker was superannuated in 1898. In 1902 they removed to Appleton and that city has since been their home.

Rhinelander friends of Rev. and Mrs. Walker congratulate them and wish them many more years of happy wedded life.

## BUYS FLORIDA FARM

Sam Walters Gets Land in Southern State

E. P. Laugeson received a letter Tuesday from Mrs. Laugeson, who with Mr. and Mrs. Sam Walters went to Florida Home, Florida, recent ly. She stated that Mr. Walters has bargained for 160 acres of land two miles from Florida Home at \$18 per acre. The weather there is at present very hot being frequently 90 degrees or more in the shade. The only fruit which grows there at this time of year is the persimmon. Providing Mrs. Laugeson likes the country she will remain in Florida permanently. She has long suffered from rheumatism and believes that the southern climate will help her.

## TRAINING SCHOOL

Miss Eunice Dailey of Pelican enrolled Monday. Miss Dailey takes up the two year course.

The Misses Elizabeth and Regina Carley of Monaco spent Sunday at their home.

Exhibits showing the manufacture of various breakfast foods have been added to our specimen case.

Four large pictures, reproductions of modern art, and two reproductions of medieval sacred art have been hung upon the walls of the main and recitation rooms. These pictures are models of the class of picture which can be placed in country schools. Members of school boards are urged to come and see them.

## LOSE AT IRONWOOD

Local Highs Meet Defeat By Score of 24 to 6

Ironwood's band of gridiron warriors proved too strong for the Rhinelander High school team at Ironwood, Saturday, and the locals were defeated by a score of 24 to 6. Rooters from this city who witnessed the conflict claim that it was full of interest and brilliant plays were made by both sides. The miners, however, outclassed their opponents in many respects. A large crowd attended the game.

The members of the Rhinelander squad and those who accompanied them speak highly of the treatment accorded them by the Ironwood team and students.

Rhinelander plays the Eagle River High in this city Saturday.

## MRS. TEGAN DIES FROM INJURIES

Well Known Kennan Resident  
Survives Four Days With  
Broken Neck

After surviving four days with a broken neck, Mrs. Steve Tegan of Kennan died early Friday morning in St. Mary's hospital. Mrs. Tegan was the victim of a runaway accident mentioned of which was made in this paper last week. Aside from sustaining a broken neck the unfortunate woman was also hurt about the back. She was operated upon by Drs. Schiek and Welch of this city and Dr. McKelney of Kennan. Owing to the critical nature of her injuries however, the operation proved of no avail. That she lived as long as she did following the accident is regarded remarkable.

Mrs. Tegan was fifty-three years of age and an old and esteemed resident of Kennan. She is survived by a husband and children. The body was taken to Kennan for burial Saturday.

## TO REMAIN ON ACCREDITED LIST

Rhinelander High School Re-  
ceives Favorable Report  
From Inspector

The following communication from A. W. Tressler, secretary of the committee on accredited schools of Wisconsin University, to Supt. W. P. Colburn, speaks for itself:

Oct. 14, 1913.  
Mr. W. P. Colburn,  
Principal High School,  
Rhinelander, Wisconsin.  
My dear Mr. Colburn:

Our committee recommends that the Rhinelander high school be continued on the accredited list.

I was sorry that it seemed advisable for us to visit your school so early in the year, especially in view of the fact that your school is not yet quite settled in its new quarters. It was, however, a great pleasure to visit your school in such an excellent new building. It is ample in size, attractive in appearance, modern in arrangement, ventilation, lighting, etc. We were glad to note that proper provision had been made for laboratory and library and we know that in time these will be properly equipped with tables and supplies.

We found the spirit and attitude of the teachers and pupils excellent. As your school has been in session only two weeks the work was not as yet fully under way. However, we were much pleased with the prospects for a year of excellent work.

Very truly yours,  
A. W. TRESSLER,  
Secretary of Committee.

## FIRST NUMBER IS WELL RECEIVED

Large Audience Hear Best Con-  
cert Company At The  
Majestic

At the Majestic theater Monday evening the opening number of the Wesleyan concert course was presented when the C. W. Best Concert company introduced their Japanese program before a large and delighted audience. The entertainment comprised Miss Margaret Austin, violin; Mrs. M. J. Lawing, soprano; Miss Nellie Woolman, violin.

Miss Austin, who is a graduate of the Royal Academy of Music, London, rendered several pleasing selections on the violin. The young lady showed rare talent in her playing, possessing a delicate touch which brought forth the full richness of the old time songs was especially appreciated.

Mrs. Lawing pleased the audience with a number of classical vocal solos. She has a beautiful high soprano voice.

Miss Nellie Woolman on the violin cello was well received, her various selections being heartily endorsed.

On November 8th the next number of the course will be given at the Majestic. This will be the Colonial program. The Wesleyans feel much satisfied with the support which the course is receiving.

## CURFEW ORDINANCE

Parents Should See That Children  
Take Heed

City Ordinance we ought to know.

Curfew  
Section 1. It shall be unlawful for any person under the age of sixteen years to be at large upon the streets, sidewalks, alleys, parks, or public grounds of the city of Rhinelander between the hours of eight o'clock in the evening and five o'clock in the morning during the months of November, December, January, February and March of each year, and between the hours of nine o'clock in the evening and four o'clock in the morning during the months of April, May, June, July, August, September and October, of each year, unless accompanied by and in charge of some person of lawful age, or unless upon some errand by permission or direction of the parents, guardians or employer of such person in which case it shall be unlawful for such person to loiter by the way, make any undue noise, or otherwise disturb the peace and quiet of the city.

Section 2. Any person violating any of the next preceding section shall be subject to arrest by any public officer or any citizen without process, and upon arrest such person shall be taken and delivered in to the hands of the parents, guardian or employer of such person, provided, that upon a second or subsequent arrest such offender shall be taken by such officer or person making the arrest before the court having jurisdiction of such offense, and upon conviction thereof, such offender shall be punished by a fine not exceeding ten dollars, or by imprisonment in the Oneida county jail not exceeding ten days.

## MURDERED GIRL KNOWN HERE

The body of Ida Leegson who was murdered in Chicago ten days ago, was buried at Barron, Monday. The grave is beside those of the girl's mother, brother and grand mother who died at Barron a number of years ago.

The murdered girl at one time was a teacher in the schools of Cranston and had a slight acquaintance in Rhinelander.

Louis Kirk, proprietor of the Racket store, is in Chicago buying a new stock of goods.

## HIGH SCHOOL HAPPENINGS

Interesting Items Concerning Teachers  
And Scholars

The report cards for the first six weeks work in the grades will be given out early next week. We hope parents will read these reports very carefully and talk them over with the pupils. Parents are earnestly urged to consult with teachers concerning any unsatisfactory records. Their attention is especially called to the "Comments" and to the opportunity they have to comment on the report themselves.

Teachers and pupils alike are enjoying the recesses on the playground this year. Many of the teachers spend at least one recess each day playing with their pupils and teaching them new games. This plan is bringing many good results already. A better acquaintance between pupil and teacher is not one of the least of these. The teachers in one building report that troubles in discipline have practically disappeared.

The employees of the gas plant completed the gas connections last week and now the domestic science rooms and the laboratories are supplied with "gas for cooking." Regular classes in cooking have begun and will continue for the year in the fine new kitchen.

Come out Saturday to see the foot ball game with Eagle River. The teams are rapidly getting into good shape, and a vigorous contest is expected.

## SOO NEWSBOY AND INDIAN IN BAD

Poor Lo and Train Newsy  
Carry On A Little Traffic  
In Partridges.

An Indian named Charley Hobnas was brought to this city Wednesday by a deputy game warden from Barron. The warden charges the red skin with having killed more partridges than the law permits and with also having disposed of the birds to a Soo line newsboy.

Hobnas, it is alleged, has been shooting partridges and selling them to the newsy on a Soo line passenger train. The newsboy, it is reported, purchased the birds from the Indian at a small figure and sold them to Minneapolis and St. Paul people at fairly prices. If this is true the newsboy will also experience trouble with the law and be subject to a heavy fine.

Later  
In Municipal court this morning the Indian was sentenced to thirty day in jail and sentence suspended. The newsboy was fined \$25 and costs.

## AGED RESIDENT DIES

Mrs. James Phelps Answers Final Call  
After Long Illness

Following an illness which dates back three years, Mrs. James Phelps passed away at ten o'clock Wednesday morning at the home of her daughter, Mrs. James Trumble, of Brown street. Mrs. Phelps was afflicted with heart trouble and for some time past it has been realized that the end was approaching. Death came as a relief from long suffering.

Mrs. Phelps was 81 years of age and a native of Canada. She is survived by a husband, one daughter and two sons, namely, Mrs. J. Trumble of this city, S. Phelps of Waycross, Ga., and J. Phelps of Saginaw, Mich.

During her residence in Rhinelander deceased made a large number of friends among whom her death is deeply mourned. Sympathy is extended to the sorrowing husband and family.

The funeral will be held from the residence Friday afternoon. Rev. B. G. Clemens will officiate.

## THIS LAW FOR SCHOOL CLERKS

They Are Required To Report  
Number Of Children In  
District

No. 623, S.) (Published Aug. 9, '13 Chapter 765, Laws of 1913.

An Act—To amend subdivision seventh of section 462 of the statutes, relating to the compensation to be paid clerks of school districts.

The people of the state of Wisconsin, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivision seventh of section 462 of the statutes is amended to read: (Section 462) Seventh. "Such other facts and statistics in relation to the schools, public or private, in such district" as the state superintendent may from time to time require. The clerk of each joint district shall report to the county or city superintendent, as the case may be, the number of children residing in each part of the several towns, villages or cities embraced in such joint districts. He shall also report the amount of the indebtedness of the district. Upon filing with the county superintendent within the time set by law, a complete and satisfactory annual report setting forth all the facts required by law to be reported to the county or city superintendent, and such other information as may be called for by either the county or city superintendent, the school district clerk in a school district maintaining one or more schools in one or more separate school buildings and not containing an incorporated village or city, and having a school census of one hundred persons or less shall be paid from any moneys in the general fund of the school district treasury of which he is clerk, the sum of ten dollars for each one room school maintained by the district; provided, that such schools are more than a mile and a half apart, the distance to be measured by the nearest traveled highway. In a school district maintaining one or more separate schools in separate buildings, and not containing an incorporated village or city and having a school census of more than one hundred persons and less than two hundred persons, twenty dollars for the first school and an additional ten dollars for each separate school maintained in a separate building by the district; provided, that such schools are more than a mile and a half apart, the distance to be measured by the nearest traveled highway. In a school district maintaining one or more separate schools in separate buildings and not containing an incorporated village or city and having a school census of more than two hundred persons and less than three hundred persons, thirty dollars for the first school and an additional ten dollars for each separate school maintained in a separate building by the district; provided, that such schools are more than a mile and a half apart, the distance to be measured by the nearest traveled highway; . . . and in school districts having a school census of more than three hundred persons of school age, or containing an incorporated village or city, such sum as the body electing the school board of such school district may direct; provided such school clerk shall file with the district treasurer a certificate signed by the county or city superintendent of schools setting forth that the school census for the year was properly taken, and that all reports required by law to be made by school district clerks have been filed and approved.

Section 2. This act shall take effect upon passage and publication.

Approved Aug. 7, 1913.

## WANTED TO SEE WORLD

Young Barron Boy Found In Soo Cat-  
tle Car In This City

When a Soo line freight train from the West pulled into this city late last Friday night a young boy about fifteen years of age was discovered by the train crew riding in an empty cattle car. The lad was weak from cold and hunger and was also badly frightened. He was taken to a nearby hotel where after a good hot supper he began to revive and soon was in a very genial mood. When questioned by the crew, the boy said that his name was Earl Manning and that his home was near Barron where he had boarded the train that day. He was anxious to see the world and crawled into the empty car while the train was switching. Earl said that after the train started he changed his mind about traveling and wanted to leave the train at the next station but was afraid that he would be seen and arrested.

Earl's parents were communicated with and he was returned to Barron on the Soo limited Saturday morning.

## AGRICULTURAL WORKERS MEET

An Interesting Gathering Of  
Farm Workers Is Held In  
Madison This Week

A four days round table conference for the training of farmers' institute lecturers, county representatives and agricultural extension workers opened at the College of Agriculture at the University of Wisconsin, on Tuesday. Geo. McKerron, superintendent of the Farmers' Institute of the state, was in charge of the meetings held each day.

Four general topics of special interest to Wisconsin farmers were considered at this conference: "Cooperation," "Business Methods in Agriculture," "More and Better Live Stock," and "Economic Crop Production." Addresses were given and discussions led by members of the Agricultural College faculty, institute workers, other framers, school superintendents and agricultural representatives, specialists in their respective line.

E. L. Luther, Oneida county agricultural representative was present at the gathering and addressed one of the sessions on "What the Agricultural Representative Can Do."

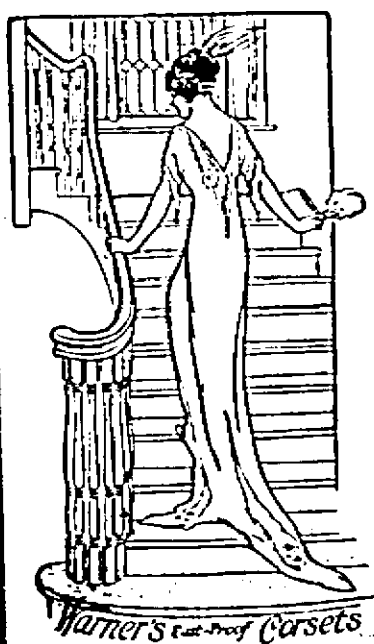

The purpose of the conference was to make the farmers' institutes and agricultural extension service more helpful to the farmers of the state. The dates for the farmers' institutes for the coming winter have not as yet been definitely fixed, but it is already known that 110 meetings will be held in a total of 68 counties during the 12 weeks' term beginning December 9. It is expected that the institutes, farmers' schools, courses and bankers' pure bred seed meetings held this winter will arouse more interest and prove more beneficial than ever because of the added enthusiasm which the workers will gain from the conference this week.

## SOUTH DAKOTA POTATOES

William Smith, a former resident of South Dakota, says that this has been a banner year for the potato crop in that state. One farmer whom he knows produced a crop of 10,000 bushels for which he received seventy-five cents per bushel in the field. South Dakota potatoes are shipped mostly to the markets of the Twin Cities.

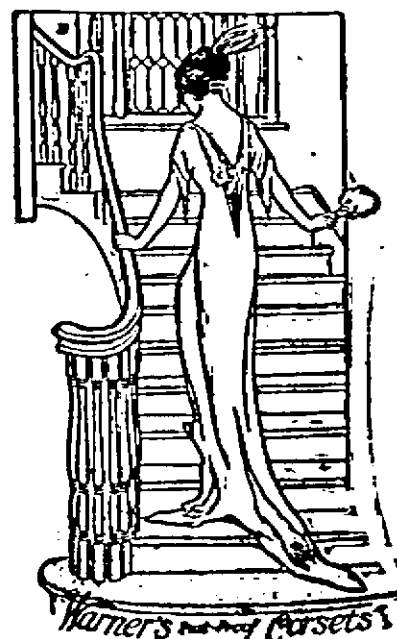

## ELKS GIVE PARTY

Rhinelander lodge 593 B. P. O. E. entertained at a concert and dance at the Armory Tuesday evening. Music was furnished by the Troubadors of Chicago. The concert was from 9 to 10 and dancing was on from 10 to 2. About one hundred couples were present. It was a pleasant social occasion.

# The Man Who Saves

The man who saves knows that a time may come when he is out of work or sick and unable to earn. If he has a Savings Account he is not left entirely hopeless. He knows that if he is economical and industrious he can have a comfortable home for old age. He can work better and sleep better when his mind is easy as to the future welfare of his wife and family.

He has the ready money to take advantage of an opportunity for his benefit, when it comes. He takes pride in adding to his account, for money in the bank gives him a standing in the community in which he lives.

He becomes a better citizen and a better man when he knows he has money to back him up. He can do things worth while when he has the proper means. He looks ahead to the time when he can be independent, and not under the direction of another. He can some day have a business of his own instead of working for others. He can give his children a proper start in life and leave them secure when he is gone.

He can appreciate the value of a dollar earned and saved. He lives a longer and better life because to be successful in saving he must discontinue unnecessary extravagances and follies. He can go to his banker for advice in financial matters and thus escape making investments on his own judgment. He is bound to be successful, for he has learned habits of industry, economy and prudence.

We invite every man or woman who reads this notice to open a savings account with this bank. You can begin with One Dollar or more and we will lend you a Home Savings Bank to help you save.

Chas. Calkins was at Arbor Vitae Saturday, going up for the purpose of seeing if there was likely to be a candidate for the position of postmaster at that place. Since the saw mill has gone from there the post-office receipts have fell off, to such an extent that the position does not pay sufficient to secure a competent person. The office will probably be abolished, mail going to Woodruff.

Robert Riley, who recently returned from Portland, Ore., leaves this week on a trip through southern Wisconsin, Illinois and Iowa in quest of new settlers for this locality. He will endeavor to interest people in Oneida county lands controlled by J. J. Remo and anticipates success on his mission. Mr. Remo is doing much toward bringing new settlers into this county and in engaging Mr. Riley he has secured the services of a good booster.

### BOWLING NOTES

The patronage of the Lawrence alleys for the first two weeks of bowling showed that the old time bowlers are anxious to get in shape for good scores and sport.

Our one arm champion, Charles Davis, rolls a 205 score to prove he is not an old man yet.

Matt Korbenott is again on the job pounding the head pin like an old time champion for 202-205-210 scores. By bunching a few strikes Ed. Blomdahl piles up a score of 221.

### DON'T KNOW THEY HAVE APPENDICITIS

Many Rhinelander people who have chronic appendicitis, which is not very painful have doctor for years for gas on the stomach, sour stomach or constipation. J. J. Reardon, druggist, states if these people will try simple buckthorn bark, glycerine etc., as compounded in Adler's-Ka, the German appendicitis remedy, they will be surprised at the QUICK benefit. A SINGLE DOSE relieves these troubles INSTANTLY.

Pat Plunkett was in Ashland last week on business at the government Indian office. For years Mr. Plunkett was employed on the Lac du Flambeau reservation as government scaler and may now be transferred to some reservation in Minnesota.

### RAISES FINE POP CORN

George Dusel, who has a large garden plot on the south side, this year raised several bushels of fine pop corn as has ever been grown in Oneida county. Such corn would capture the blue ribbon at any agricultural show. Mr. Dusel devotes considerable of his time to farming and had a good crop considering his limited acreage.

### "THE PINK LADY"

One of the most successful musical plays of recent years has been "The Pink Lady", which is to be presented at the Grand Opera House, Friday Night, Oct. 17, by John C. Fisher of Florida fame and E. D. Stevens, two of the best known of New York theatrical managers. "The Pink Lady" was taken from a French farce called "Le Satyre" was made into a musical comedy by G. M. McLeilan, who provided the book and lyrics, with music by the well known English composer, Ivan Caryll. In New York it had a very successful run at the New Amsterdam Theater, where it was given for an entire season. It was then taken to London and made a big hit in the British metropolis at the Globe Theater.

To big receipts "The Pink Lady" is no stranger and it is quite safe to say that no musical play within a decade has been so well received by audiences on both sides of the Atlantic.

### OVER IN EAGLE RIVER

Statements of Eagle River Citizens Are Always of Interest to Our Readers

To many of our readers the streets of Eagle River are almost as familiar as those of our own town, and we are naturally interested to read of happenings there. The following report from a well-known and respected resident will be helpful to numbers of men and women here in Rhinelander.

James Oberholtzer, Eagle River, Wis., says: "Five or six years ago, my limbs began to swell and doctors told me that my kidneys were badly disordered. I was hardly able to get about and although I took medicine faithfully, I did not improve. When almost about to give up in despair, I was advised to try Doan's Kidney Pills and did. In a short time I was cured and since have enjoyed good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Mrs. Wm. Peters was given a pleasant surprise by a number of her friends on Friday. The ladies gathered at her home and spent the afternoon with her, the occasion being the anniversary of her birth.

If you are in need of a good winter wrap, go to Jacobson's.

Ransom Roberts of Long Lake was sentenced to thirty days in jail in Florence on the charge of pointing a loaded revolver at A. Daigle, deputy sheriff of Florence county. Mr. Daigle formerly resided in Rhinelander.

W. W. Carr and C. W. Scott were guests over Sunday of the former's brother Chas. F. Carr at New London. Mr. Carr at New London has a game preserve out a few miles from the city and the three gentlemen spent Sunday there hunting ducks.

Sale on FURS, SUITS and COATS at Jacobson's.

### A Man Would Be A Fool

To throw his money away like this. And yet, when a fellow buys a bill of lumber of inferior quality and pays as much for it as we would ask him for the highest class, gilt edge material, he is just as surely throwing away good dollars.

Now, see here! When you get ready to buy another bill of lumber, don't go at it blindly and be satisfied with any old thing that goes by the name of "lumber." Bring your bill to us. Not only will we guarantee you the best of quality, but we will name you a price as low as you would be asked elsewhere for much inferior material.

## THE NEW NORTH.

THE NEW NORTH PRINTING CO.  
OCTOBER 16, 1913.

### ADVERTISING RATES.

DISPLAY ADVERTISEMENTS—For a contract of three months or more, the rate per column inch will be charged for each insertion. For a shorter time higher rates will be charged.

In addition to the above, all composition in display advertising of three minutes per inch, will be charged at the rate of thirty cents per hour.

### READING NOTICES.

READING NOTICES will be charged at five cents per line for the first insertion and five cents per line for each subsequent insertion.

ALL NOTICES will be charged at regular rates except notices of church service. Full advertisements for churches will be charged at half rates.

The New North has the contract for printing the city and the county proceedings the coming year. If you wish to know what the city officers and the county officers are doing it is necessary to subscribe for the New North. The New North is the only official city paper also the only official county paper.

The state will distribute over four million dollars for roads in 1914. Of this amount Oneida county will receive \$5,789.22.

The circulation of the News might feel a slight slide downward if a portion of its free list were suspended. The relatives and friends of all the big stockholders must come in for their share of complimentary copies.

Are you aware that every dollar of taxation dodged in the towns of the county throws an added burden on you? Do you know that the taxes have to be paid in towns and city by the owner or you?

All correspondents must always sign their names to news items sent to the New North office. This does not mean that we will publish these names but we wish them to refer to in the office.

Study the Sugar Camp assessments of 1912 and then you will see how the tax dodgers of this city have been playing the game at the expense of the little ones. Sugar Camp is no exception.

It is easy to see where the News stands. Did anyone ever hear of that sheet defending the interests of the common people? But, when it comes to upholding the selfish greed of its masters it is there stronger than horse radish.

Talk about knocking! Nothing prevents a town from progressing as much as high taxes. The poor man finds it a hard enough struggle to maintain an existence without being compelled to shoulder the burden of the big fellows who manage to dodge paying their share. He can't afford to remain in such a community and in the end must sacrifice his little home and move elsewhere.

Huerta has become dictator of Mexico by arresting the house of deputies and assuming the power of both executive and legislative. He has defied the U. S. and relations between the two governments are strained to the breaking point. Other nations seem to support our government. Warships are ordered to Mexican waters by European powers to protect their subjects. Is the half savage, half breed population of Mexico worth fighting for?

How high are our taxes to soar in years to come? One year ago the assessed valuation of our properties was substantially increased by the board of review and our rate was raised to the highest limit 3 1/2 per cent; this year it is put at full value which in a large number of cases, nearly doubles the value and still the rate is 2 5/100 per cent and the city is compelled to make a loan of \$26,000.00. Is there no end to this? Since the Board of Review closed its work, many home owners say they will be compelled to sell their properties and rent if this increase is continued. Is there no end to the burden of taxation in this city?

### WHY DECEIVE THE PEOPLE?

Why does the News misrepresent the facts about taxation. It is well known that the average valuation for the city property up to this year was about fifty one per cent with most of the large industries and many large homes from twenty per cent up, making many of the little home owners pay as high as seven to five per cent. This year the assessor was instructed to assess at full cash value and if necessary employ a man to assist him. He employed Carl Krueger who knew the property and had had large experience as supervisor of assessments, and we believe it was their aim to be just to all, and most of us were willing to abide by their decision but W. E. Brown, A. W. Brown and The Rhinelander Paper Co. went

before the Board of Review, including the Mayor and the two men he appointed and succeeded in getting their taxes cut below this as follows: A. W. Brown's home \$3500, W. E. Brown's home \$3000 and Rhinelander Paper Co. \$229,000. Surely neither the assessor nor his assistant can be blamed for this.

### EXPLAIN MR. REEVS

An investigation by the New North representative of the total assessed valuation of the town of Sugar Camp for the year 1912, when city attorney H. L. Reeves said the town was assessed high enough and dropped the suit of the city against that town was \$172,639 as compared with \$567,566.00 for 1913.

Lot 1, Sec. 14 Tp. 33-9 was assessed \$1700 in 1912 and \$5800 in 1913. NE NW was assessed \$125.00 in 1912 and \$1400.00 in 1913, NWNE was assessed \$350.00 in 1912 and \$1400.00 in 1913. All the above parcels are owned by F. S. Robbins of this city. Lot 1, Sec. 26 Tp. 33 Rg. 9 was assessed \$950 in 1912 and \$3500 in 1913. Lot 1, Sec. 27 Tp. 33-9 was assessed at \$250.00 in 1912 and at \$1502.00 in 1913. The above descriptions are owned by Brown Bros. We are unable to learn that either of the above parties went before the Board of Review of the town of Sugar Camp in 1913 to get their taxes reduced. If this is the case, how about the taxes for 1912, when City Attorney Reeves dropped the suit with a valuation of less than one-third? In fairness to Mr. Reeves we invite him to explain in the columns of this paper, these great differences in the valuation of the two years.

### ARRESTED FOR POINTING GUN

Fred Baade will be arraigned in municipal court immediately upon the return of Judge D. H. Walker. Baade is the man who is alleged to have pointed a gun at Mrs. Elmer Lytle at Bradley, October 27, 1912.

W. F. Pagel of Ladysmith transacted business in the city Monday.

### Author Poor Judge of His Work.

If John Keble had had his way it is possible that his famous "Christian Year" might never have been published. He was extremely averse to it, and only yielded to the importunities of his friends and the pleadings of his father. Even so, he refused to have his name in the title page. In 45 years it went through 154 editions, and since it went out of copyright they have ceased to be counted.

### Coffee's Worldwide Spread.

It is generally agreed that coffee first grew wild in Abyssinia, thence being taken to Arabia, and afterward to all parts of the civilized world in which it would grow. There are some twenty-five different kinds of coffee found in different parts of Africa, still growing wild in many sections. The name is supposed to be derived from the Arabic Khawaw, or from the Abyssinian province of Kafa.

### Judges Have to Listen to This.

A bombastic counsel was arguing a case before a jury, in the course of which he delivered himself of the following specimen of eloquence: "But, gentlemen, the whole subject is in the dark entirely, till we come to the testimony of Mr. B. Then it is that the cloud of doubt begins to crack, and the cat is let out of the bag."

### Her Other Half.

The four-year-old twins, who had no playmates of their own age, were delighted when a little girl of three came to visit a neighbor. After the three children had played together for a time, the twins, hand in hand, went to their mother, and said, "Mother, where's the other one of her?" Youth's Companion.

### His Official Introduction.

An English treasury official was once sent over to Dublin to inquire into the courts. He was received politely by the late Lord Morris, the famous Irish law lord and wit, who said he would put him in communication with the proper person, and rang the bell. When the elderly female who acted as court-keeper appeared, he remarked, as he left the room: "Mary, this is the young man that's come about the coats."

### Expensive Love.

"But when you asked for my daughter, you told me you had money enough to support her in the style she was accustomed to," said the father, who had been touched. "Yes; but that was a year ago, sir," replied the young man. "Being engaged for a year is expensive work, sir."

### Works Both Ways.

Those who think there are too many children in the world should not forget that children sometimes think there are too many grown-ups.

## HOW TO ERECT A GARBAGE PLANT

Many Cities Without Works For Proper Disposal.

### SEWAGE QUESTION COMPLEX

Four Important Steps Should Be Taken by Any Municipality Planning to Improve Plant For Disposal or Method of Collection—Must Consider Local Conditions.

As quite a number of cities are yet without the best modern work for collecting sewage and garbage, Rudolph Hering, consulting engineer of New York city and president of the American Public Health association, writes interestingly in the American City. He says that still more cities are without a satisfactory final disposal of these two classes of waste and yet a greater number, among them our largest cities, have both a disposal and a collection in quite an unsatisfactory condition.

Sewage and garbage problems must both be considered from three aspects. They have both some connection with the dissemination of disease, with the establishment of nuisances and with the pocketbook of the taxpayer. They must be satisfactorily solved from all three aspects or the works will correspondingly be a failure.

The first step to take when attacking either the sewage or garbage problem is to make a study of the existing local conditions and works, so as to be able to advise a solution to protect health, to avoid nuisance and to require an expenditure that is comfortably within the available means of the community.

The second step to be taken, both with sewage and garbage problems, is to make plans and estimates for cost for collection and disposal according to the best experiences of the day. Such plans should indicate the simplest and most economical means of thoroughly satisfying all the above three requirements. It may be that the local municipal authorities are sufficiently experienced to prepare such plans. If not, outside engineers having such experience with the problems should be employed. But it will almost always be best to have local officials associated with the study, because local conditions, some of which may not be fully apparent to the outsider, may reveal solutions more economical or more satisfactory to the community than without the local aid.

The third step to be taken, if the plans are accepted and ordered to be carried out, will be the preparation of detailed contract drawings and specifications for the execution of the work. The specifications must be carefully and skillfully prepared to avoid misunderstandings and to get what was intended by the adopted general design. It is best, of course, if the same engineers who made the original design make also the contract drawings and specifications, because they best know the original intentions and the way of carrying them out. If this is not practicable, then there should at least be an approval obtained from them.

The fourth step to be taken is actual execution of the work. This part of the undertaking is at least as important as any other. It has happened that good plans have been adopted, but that their execution was so inferior, both as regards materials used and labor employed, that the works failed in their purpose. Good supervision of the construction of the works is essential.

Besides the laying out of the works, records should be kept and preserved of every part as it has finally been built. It too often occurs that from the lack of such records subsequent happenings cannot be completely understood and that changes or extensions become more expensive than would otherwise be necessary were the underground conditions exactly known.

The last step to be taken in public works of the nature here considered is that of securing a suitable organization to maintain and operate them. The operating staff must be competent and faithful.

Sewers, if not well cleaned and ventilated; sewage disposal works, if not kept in order and cleaned and not properly and conscientiously attended, will all be liable to cause nuisances and perhaps also injury to health. The greater the liability of creating nuisances the greater should be the care exercised to prevent them.

Practically the same can be said regarding the garbage collecting wagons and garbage disposal plants. The wagons, if not daily cleaned and kept covered when passing through the streets, and the disposal plants, if not kept scrupulously clean and if not operated with great care and skill, will also be liable to cause nuisances and unhealthy conditions.

Bone Meal For Gardens. Bonemeal or ground bone is the most common of phosphate fertilizers for the reason that while it contains about the same percentage of phosphoric acid it also contains some nitrogenous matter of decided value. Steamed bonemeal is of about equal value, for, though some of the fatty matter has been steamed out, making the meal more soluble and easy of decomposition, it has lost a little of the nitrogenous matter.

## CREPE FOR GIANT FANS

Three Local Fans Feel Severely Dealt Of Their Favorites

There is joy among the admirers of the Philadelphia Athletics in Rhinelander because that team has again won the base ball championship of the world. By taking Saturday's game, 3 to 1, from the New York Giants Connie Mack's heroes annexed the title for the third time. Crepe hung from the doors of the business places of W. C. Liebenstein, Chas. Belliel and Gil Forsyth on Brown street Sunday morning. These fans were ardent supporters of the Giants and the result of the series came as a severe blow to them. In Rhinelander as well as in every other live town on the continent interest in the series soared high. Score boards were eagerly watched during the progress of each day's game and considerable money changed hands.

### SELLS LARGE FARM

John Walechka of Antigo, who was in Rhinelander a couple of weeks ago, has just sold his fine farm in Langlade county to Chas. Melcalf of Leechburg, Penn. The consideration is said to be in the neighborhood of \$20,000. Mr. Walechka was in this city for the purpose of selling the farm to local parties but was unable to close the deal.

H. F. Liebert of Antigo was a Rhinelander caller Tuesday.

J. Gustafson was here from Clifford on business Monday.

S. G. Perister made a business trip to Minocqua Tuesday.

A. L. Kiehlner of Ashland, was in the city Monday.

J. F. Senger of Elcho was in the city on business this week.

## Best-Hated of Farm Tasks

**I**N the spreaderless farm the thought of the great heaps of manure piling up constantly in barn yards, stables, and stalls, is a gloomy one. Those piles mean much disagreeable and hard work. It must all be loaded on high wagons. It must be raked off in piles in the fields. Then every forkful must be shaken apart and spread.

Compare that old-fashioned method with the I H C spreader way. You pitch the manure into the spreader box, only waist high, drive out and—the machine does all the rest. And it spreads evenly and far less wastefully.

## I H C Manure Spreaders

are farm necessities. The man who uses one will get the price of it back in increased crops before its newness has worn off.

Every detail and feature counts. They do best work always and stand every strain for years. They are made in all styles and sizes, for small farms and large, low and high machines, frames of braced and trussed steel. Uphill or down, or on the level, the apron drive assures even spreading, and the covering of corners is assured by rear axle differentials. In all styles the rear axle is placed so that it carries near three-fourths of the load. This, with the wide-rimmed wheels with Z-shaped lugs, makes for plenty of tractive power. Winding of the beater is prevented by large diameter and the beater teeth are long, strong and chisel pointed.

The I H C spreader lines will interest you. See them at the local dealer's. Get catalogues from him, or write us.

## FLASHES FROM THE HEADLIGHT

**Bits of News Pertaining To  
The Soo and Northwestern  
Railroads**

The Northwestern's fish train on the Monico-Watersmeet branch made its last run for the season Sunday. This train has been of valuable service to fishermen who visited the various lakes in that region during the summer. The train is said to be a paying investment for the railway company.

A few mornings ago the Wisconsin & Northern train from Crandon was a minute or two late in arriving at the junction and the Soo line passenger train pulled out for the west without waiting for the many passengers, who were forced to return to Crandon. The Forest Echo expressed great indignation over this seemingly uncalled for stunt and stated that an investigation will be made through the proper channels.

Figures compiled by the Wisconsin railway commission in connection with accidents on steam and electric railways in this state during the year ending June 30 last, indicate that a considerable percentage of the deaths and injuries from this cause in Wisconsin are the result of trespassing upon railroad tracks. A total of 171 persons were killed and 199 injured. Of those killed all but forty-four were trespassers and of the injured ninety-two.

Railway companies should be compelled to observe every possible precaution that will insure the safety of both employees and passengers. But the railroads cannot justly be blamed for casualties which result from pedestrians using railroad tracks for highways in defiance of both law and common sense.

One of the reasons for the excessive number of people killed and injured by the railroads of this country in comparison with the figures for European countries is because the laws abroad are much more strict than here in regard to trespassing on railway tracks and are enforced with severity. The use of railroad tracks by pedestrians is common in this country and as is shown by the figures for this state a large proportion of those killed and injured by the railroads results from this practice. If the public did its share towards preventing loss of life and limb by keeping off the property of the railway company except under proper conditions it would be in better position to demand that the railroads take more care to prevent the casualties for which they can justly be held responsible.

N. Harrington spent Monday and Tuesday at Minocqua.

George Dawes is hauling potatoes to the station this week. A car load will be shipped to Chicago Saturday.

Mr. and Mrs. J. Hughson spent Saturday in Rhinelander on business.

Mrs. L. Pixley is on the sick list this week. She has been threatened with pneumonia, but is now on the gain.

Last Sunday about fifteen people from Rhinelander and Chicago spent the day at Bungalow.

The Sunday school which was organized by Mr. Bell held its first class Sunday. All the children were present and it is hoped it will be a success.

Sadie Dusel spent Sunday in Rhinelander.

Several of the young folks intend to take in the "Pink Lady" at Rhinelander Friday.

### MORE TEACHERS FOR THE DAKOTAS

Today's mail brings us the following from Ex-State Superintendent, M. M. Ramer, of South Dakota: "We are having a wild call for teachers. We trust that you people are still on the hunt and that there may be a noise out of Wisconsin like the rush of many teachers this way."

The Grand Rapids School Supply Co. as you know, is assisting Mr. Ramer in placing teachers. We have sent him a large number but must have many more.

Please tell your teachers to write us at once. We can find places for every one.

Grand Rapids School Supply Co. Grand Rapids, Wisconsin.

Help us get the teachers! We have the positions!

### Tough Proposition.

It's pretty hard to state the age when a small boy should leave off saying, "Gimme another piece," when the pie is passed, and remark, "I've had a plenty, thank you."

### Conclusive Statement.

Experts declare that idle men make the best lovers. It doesn't require an expert to prove the fact that idle men also make the best villains.—Youngstown Telegram.

### First English Coffee House.

According to the records the first English coffee house was opened in 1852 and became so popular that many others were opened soon after ward.

### Went Wrong.

As an indication of her desire to move, a Maryland woman burned the house. This moved her all right, but the other abode she had in mind was not the fall in which she landed.

## POTATO SPECIAL COMING

Tuber Will Be Boosted Along The Northwestern Line

Rhinelanders will be included on the route of the "potato special" which will be run over the North western and Omaha lines for a period of two weeks beginning October 21.

The first meeting will be held at Spooner on the day immediately following the equipment of the train. During the week of Oct. 27, the train will be moved over the Omaha line and meetings held at the following points: Ashland, Hayward, Minong, Shell Lake, Rice Lake, Chetek, Bloomer and Eau Claire. The car will then be delivered to the North western line and stops will be made at Eagle River, Crandon, Wabeno and this city. James G. Millward, secretary of the Wisconsin Potato Growers' association, will be in charge of the train.

### A MARVELOUS ESCAPE

"My little boy had a marvelous escape," writes P. F. Bastians of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of croup. As luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." Sold by All Dealers.

Should Have Had More Thought. An Atchison man committed suicide by drowning himself in a cistern. "Why, in the name of all that's just and fair," demands the Lebo Star. "didn't he jump into the river instead of spoiling a cistern full of good water?"—Kansas City Star.

## REMINGTON UMC METALLIC CARTRIDGES

Made by the Foremost Ammunition Concern in America

THE biggest name in the ammunition and firearms world today is Remington-UMC. Whether your aim is a Remington or any other standard make, whatever its calibre and the load you need, you want Remington-UMC metallics—not because they are necessarily stamped with the same name, as your firearm, but because they give more accurate results.

This Company has been making ammunition for fifty years. We produce metallics for every size of arm—and every Remington-UMC cartridge is tested in the arm for which it is made.

There is a dealer in this community who can give you Remington-UMC metallics for your rifle, your pistol. Find him. Ask him for them. Look for the Red Ball Mark on every box of metallics and shot shells you buy.

## WEEKLY COLUMN FOR THE FARMERS

### Timely Article From The Pen Of E. L. Luther, County Representative

Everywhere that the agricultural representative has talked with farmers about what they have plowed under the farmers who have plowed down second crops of clover have expressed most satisfaction. It is too bad that most farmers hesitate to plow down second crops of clover. The failure to plow down second crops of clover is believed by the agricultural representative to be one reason for the failure of some to get good catches of clover. It is about time now to lay plans two or three years ahead for the plowing down of second crops of clover. Here is a fine rotation of crops. Divide the farm into three large parts. Make a three year rotation something like this. Plow down second growth clover and plant on it potatoes and corn. The second year plow up the potato and corn ground and sow oats and seed to clover. The third year cut the first crop of clover for hay and plow down the second and repeat the rotation. Apply manure as a top dressing from a manure spreader whenever possible. Try this. Plan to plow down second crops of clover.

Last week the agricultural representative spent several days in Minocqua and Woodruff towns. This is one of the most wonderful lake regions in the world. Minocqua is beautifully situated. Few lakes equal the beauty of Hazelhurst Lake and Lake Minocqua. The Tomahawk and Arbor Vitae chains are certainly wonderful. The farmers living in this labyrinth of lakes are coming to appreciate something of the wealth that is theirs. Everywhere a new ambition is taking hold of men to preserve and to build beautiful properties for themselves and their children. Here is some fine land. Here are some fine farms. Frank Rogers has one of the most beautiful and handy farm locations, and a fine farm right near Minocqua.

Out west of Minocqua for instance one finds the Evenson farm, a farm of splendid soil and well tilled. Here too is the new Florsheim farm with its herd of splendid Guernseys. A little nearer town one comes upon the choice farm home of H. Sherre. This is neat. Neighbor to him is Conrad Christopherson, a young farmer with the right ideas. And so it goes. Out north of Woodruff A. J. Dolger is showing what he can do. He has just about doubled the area of his farm in a year. Here again the soil is good as will be shown by the fact that Mr. Dolger secured 1488 bushels of oats from 22 acres this season. The tallest oats man ever saw hang from the walls of the Minocqua Hotel, over six feet tall and they were taken from the Dolger farm. Mr. Dolger is planning upon building new buildings on the shore of a fine little lake which his farm encloses. Jake Huber out east of Woodruff has a fine piece of soil, good clay loam and is making it grow fine crops. Mr. Huber has his house in a very quiet location and romantic enough to suit the most exacting. Here is the lower end of the Arbor Vitae chain of lakes. As one stands at Mr. Huber's and looks out upon Lake Ming delere he is entranced with the beauty of the scene. Out west of Woodruff, Blumenstein, Falkner, Hanson and Mutke have splendid farms. It is encouraging to hear that these farmers are going into dairying and will adopt the Guernsey breed. What a magnificent region this will be when fully developed and stocked with the celebrated Guernsey cattle. It will be one of the unsurpassed regions of this world. Here is the place to live.

The Minocqua-Woodruff region will soon be well along towards a splendid Guernsey section. The splendid Florsheim herd is already established. Mr. Blumenstein has a fine pure bred Guernsey sire. Mr. Falkner and Mr. Sherre are thinking of adding pure bred Guernsey sires to their herds. All about the region farmers are either making use of the Guernsey breed or are soon to do so. If the farmers of this region go into the one breed, they can make the Minocqua-Woodruff lake region known among farmers the world over.

Now that lumbering is about done the town of Hazelhurst will commence to be heard of as a farming

community. In this town George Dawes and Andrew Schultz are the pioneers showing the possibilities of farming. Mr. Dawes is pretty well known to the people of the county for his public spirit and enterprise in various ways and Mr. Schultz has an outfit of buildings on his farm which will be the envy of most everybody when they are seen. Hazelhurst is a good town.

### AVOID SEDATIVE COUGH MEDICINE

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by All Dealers.

### CHRONIC DYSPEPSIA

## A DONATION

We will sell to the first person who comes to us with \$1,500, the large dwelling house on the corner of Margaret and Prospect streets, one block east of the South Park school. The house is in first-class condition, cellar, water, hardwood floors throughout, wired for electricity.

This building can not be duplicated for \$1,500.00 and whoever buys it is going to get a \$500.00 lot for nothing. The owner lives in the west and, on account of recent hard luck, is willing to sell this property at a sacrifice. Can arrange terms if preferred. If you want a home of your own, don't let this chance go by.

## IMITATION!!!

More Worthy Medicines are imitated than one would suppose—And the one most imitated today is

**REARDON'S WHITE PINE COUGH BALSAM**

Twenty-six years' ago we perfected a cough remedy and called it Reardon's White Pine Cough Balsam. So great was its success that many druggists are selling imitations of it.

The public can protect itself against these imitations by looking for the name J. J. REARDON on the label. All others are imitations and not genuine.

## EVENTS OF WEEK IN OTHER TOWNS

### Items Of More Or Less Importance Boiled Down From Neighboring Exchanges

**Grandon—**  
Thomas Simons, 78 years of age, died at his home in this city. He was a native of New Brunswick and a resident of Grandon for over ten years. A wife, son and daughter survive him.

**Merrill—**  
A change has been made in the survey of the route for the Minnecapolis, Merrill and Marinette railway and instead of running from this city to Prentice to connect with the Soo road it will be built to Athens in Marathon county where it will connect with the old Wisconsin Central line, now owned by the Soc company. The road will pass through valuable timber tracts and will open up a rich farming country. It is expected trains will be running into Merrill over the new road within twelve months.

**Oconto—**  
The knitting factory recently established here in the Turner hall is now running two-thirds of its machinery and furnishing employment to about forty girls, besides a number of skilled mechanics. The city expects to land two more manufacturing plants within the next six months. Free sites is the inducement offered.

**Stevens Point—**  
Frederick Rogers a laborer residing at Boyd, was struck and instantly killed by a Soo line locomotive about a mile east of that place at 11:30 o'clock Thursday morning. Rogers was seen by the engine crew walking outside the rails but as the locomotive approached he stepped directly in its course. His neck was broken and his skull fractured.

**Wausau—**  
William Schmitt of Rothschild, charged with having set a loaded gun in his orchard in the town of Weston, had his preliminary examination in municipal court. Upon conclusion of the evidence Schmitt was held for trial at the next term of municipal court, his bail bond being fixed at \$500, which he promptly furnished. His victim, Geo. Cramer, also was in court looking rather frail and still nursing his severe wounds. The coming trial promises to be an interesting one before final termination.

**Wittenberg—**  
Henry F. Meyer, a farmer near here brought in two one year old hogs, killed and dressed and received therefor a check for \$70.00. The porkers had been fattened on field peas. Mr. Meyer will engage more extensively in pork raising next season he says.

**Pembine—**  
Spreading rails near Hermansville caused sixteen cars of a Soo line freight to pile up in the ditch on Thursday. The train was running at full speed when the accident happened but fortunately no one was injured. The wrecking train and crew from Gladstone worked all day Friday clearing up the wreckage.

**Hurley—**  
Robert Gill and Joseph LeGendre are under arrest at Saxon charged with setting fire to DeFer's store. It is also believed that Gill and LeGendre are responsible for a number of other fires that have occurred at Saxon within the last two years. The hearing of the prisoners has been set for October 16th and their bail fixed at \$2000 each.

**Couderay—**  
Rich iron ore deposits have been found on a farm near Birchwood, Washburn county. Shafts to test the territory will be sunk at once. The Oliver Mining company of Duluth is said to hold many options on farms in the vicinity.

**Marshfield—**  
The recall petition, signed by 501 electors, was certified to the council Saturday night and special election for successor to Mayor Robert Connor, brother of ex-Lieut. Gov. W. D. Connor, ordered by unanimous vote. The election was held for Nov 26th.

**Abbotsford—**  
The body of a young man was found here on Sunday in a car loaded with steel going from Gary, Ind. to Duluth, Minn. Two postal cards showing views of Amsterdam, N. Y. were found in his pocket. One was signed Laura Ruepp and one Joe P Marshall Olson's investigating.

Teachers' contracts for sale at the Bronson store.

RESOLVED by the Board of Supervisors of Oneida County, Wis., That the following named gentlemen, Hon. Justice Barnes, Hon. W. T. Stevens, Hon. W. J. Whiteside, Hon. Douglas Anderson, Mr. E. L. Luther, Mr. F. A. Lowell, Hon. H. F. Steele, Mr. Barney Moran, Mr. Henry Wubker, Mr. E. W. Knapp and Mr. Geo. H. Dawes, are extended thanks and expression of appreciation by this, the Oneida County Board of Supervisors, for the diligence and earnestness shown by them in their efforts to oppose the present policy of the Wisconsin State Board of Forestry in its endeavors to take from the County and other northern counties thousands of acres of good agricultural lands for forestry purposes.

Resolved further that the County Clerk draft copies of this resolution and send one of each to the above named gentlemen.  
Dated this 18th day of September 1913.  
Offered and passage moved by J. M. Scott, Supervisor.  
Moved by Supervisor Scott and seconded by Supervisor Olson that the resolution be adopted as read. Motion carried.  
The following resolution was read.  
Resolution offered by Supervisor Chas. Gross.  
Resolved by the Board of Supervisors of Oneida County, Wis., That the salary of E. L. Luther, Agricultural Representative be fixed at the sum of Two Thousand Five Hundred Dollars for the year commencing January first, 1914.  
Dated this 18th day of September, 1913.

Moved by Supervisor Revenew and seconded by Supervisor Schwartz that the report be adopted as read. Motion carried.  
The following resolution was read.  
Resolution offered by Supervisor Henry Wubker, Sr.

Resolved by the Board of Supervisors of Oneida County, Wis., That Whereas it appears from the laws of 1913 of the State of Wisconsin, that it is obligatory upon the Sheriff to place all persons confined in the County Jail at hard labor, and that under the contract now existing between the sheriff and the county the sheriff receives the sum of \$3.00 for one week's board of each prisoner and whereas it now appears that said amount is too small, it is  
Resolved that the Chairman be instructed to appoint a committee of 3 to meet the sheriff and arrange to have said contract changed, if in the judgment of the committee a change should be made, but instructed that in no even event is this amount to be paid to the sheriff for said board to extend the sum of \$4.00 per week for each prisoner.  
Dated this 17th day of September 1913.

HENRY WUBKER, SR., Supervisor.  
Moved by Supervisor Wubker and seconded by Supervisor Keeler that the resolution be adopted as read. Motion carried and the chairman appointed Supervisors Baker, Brown and Wubker as such committee.

The following resolution was read.  
Resolution offered by Supervisor A. W. Brown.  
Resolved by the Board of Supervisors of Oneida County, Wis., That whereas Oneida County now owns the corner Lot South of the Training School and as there is one vacant lot between said corner lot and the Training school that Oneida County ought to own, be it resolved that the chairman be instructed and authorized to try and buy said lot from the owner Mr. Frank Duffy, at a sum not to exceed Six Hundred and Fifty Dollars (\$650.00) the District Attorney pass on the title of said property, and if said title is O. K. the Chairman and Clerk be authorized to pay for said lot.  
Dated this 18th day of September, 1913.

Offered and passage moved by A. W. BROWN, Supervisor.  
Moved by Supervisor Brown and seconded by Supervisor Scott that the resolution be adopted as read. Motion carried, all voting aye.  
(continued next week.)

ponies hitched to the rig made a  
successful spill-out. Jim's wife land-  
ed on the cement sidewalk and was  
quite badly injured.

Dr. Meyer of Eagle River was  
summoned on Monday to prescribe  
for John Ziembinski and his daugh-  
ter Lottie who were suddenly taken  
ill with some sort of fever—the doc-  
tor hopes to have them on their  
feet again very shortly.

With regret we note that John  
Gorski, who has been feeling quite  
badly of late has been pronounced  
by Dr. Thorpe to be afflicted with  
typhoid fever. He was taken to  
the Donohue hospital Sunday even-  
ing by his brother Joe and placed  
in care of Drs. Donohue and Wal-  
son. It is hoped that John will  
come out all right and that he will  
be able to be at the old stand again  
at an early date.

LIBRARY TO BE RETURNED  
Those in charge of the State Free  
Traveling Library which has been  
located in Three Lakes the past sum-  
mer are calling in all the books. It  
soon. One of the books "St. Nicholas  
Vol. II" has been loaned out and  
has not been returned. Will the per-  
son who has the book please re-  
turn it to Neu's store at once.

### SHOT IN HEAD

While some boys were experimen-  
ting in loading a 22 rifle with powder  
and wads and slugs, the son of Mr.  
Repa near Big Lake, was the un-  
fortunate one who pulled the trigger  
and the result was a very painful  
injury to his head. It appears the  
butt end of the rifle twisted off and  
some of the flying woodwork struck  
the Riefa boy and luckily escaped in-  
stant death. He has some serious  
scalp wounds and his face is badly  
burned by powder and for a short  
time it was thought he would lose  
his eye sight. This case ought  
to stand as a lesson to many of our  
careless boys.

### HURT WHILE DRIVING

While Mike Frederick and J. Rietz  
were driving down from Eagle Riv-  
er on Saturday evening, in some-  
way about midway, the rig struck a  
stump and the result was that the  
rig was upset and the occupants  
were landed in a deep mud-puddle.  
Mr. Rietz receiving the worst of the  
experience as his injuries were quite  
serious and medical aid had to be  
summoned. Fortunately the horse  
was captured nearby and enough  
hay wire was found so that the gen-  
tlemen managed to get home with  
the same rig that they started with.  
Joe says no more Eagle River  
team trips for him—henceforth he  
will patronize the steam power cor-  
poration.

Glen Small, who has been work-  
ing at Ladysmith for some time  
will arrive home very shortly.

near here the coming winter.

### Better Than Spanking

Spanking will not cure children of  
wetting the bed, because it is not a  
habit but a dangerous disease. The  
C. H. Rowan Drug Co., Dept. B55 Chi-  
cago, Ill., have discovered a strictly  
harmless remedy for this distressing  
disease and to make known its mer-  
its they will send a 50c package se-  
curely wrapped and prepaid Absolutely  
Free to any reader of The New  
North. This remedy also cures fre-  
quent desire to urinate and inability  
to control urine during the night or  
day in old or young. The C. H. Ro-  
wan Drug Co. is an Old Reliable  
House write to them today for the  
free medicine. Cure the afflicted  
members of your family, then tell  
your neighbors and friends about  
this remedy. 16-18-1914.

### BIG GINSENG CROP

Those in Oneida county who are  
experimenting with the growing of  
ginseng will be interested to learn

**Busiest Man.**  
After thinking it over carefully, we have decided that probably the busiest man in the world is the man on a Pullman who is engaged in trying to keep the porter from putting his hat box with the baggage of every lady who gets off the train.

**Keeps Your Stove**  
"Always Ready for Company"

A bright, clean, glossy stove is the joy and pride of every housekeeper. But it is hard to keep a stove nice and shiny unless Black Silk Stove Polish is used. Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish one-fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

## BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we feel sure you will agree with the thousands of other up-to-date women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

### LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, fenders and stove doors bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush free with each can of enamel only. Use BLACK SILK METAL POLISH for silverware, nickel, tinware or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

### ENTERPRISE

Mr. Klein arrived Tuesday from Milwaukee. He is stopping at the Hotel.

Mr. Crandell, insurance agent from Antigo, was a business caller here Wednesday.

Messrs. Gatton and Kouns were Rhinelander visitors, Monday.

Festus Collier and Louis Madison came up Saturday to take in the dance here.

Keelers have closed their hotel, and have moved to their farm for the winter.

The train jumped the track at Parish, Wednesday. None was hurt. Geo. Keeler went to Antigo, Tuesday.

William Flanery was in Nashville Monday on business.

We sell good shoes for men, women and children. A free patent dust pan with every pair, for Saturday only. Hart's.

### Boycotted the Doctors.

Something novel in the line of a strike or boycott was recently reported from a small town in Burgundy. The physicians of the place raised their rates 20 per cent, and a mass meeting of all the ailing folks was called, at which it was decided to dispense with the medical men's services and trust to luck to get well.

The largest assortment of women's coats and suits; prices lower than elsewhere. Hart's.

### Daily Thought.

To be alive only to appetite, pleasure, pride, money-making and not to goodness and kindness, purity and love, history, poetry, music, flowers, stars, God and eternal hopes, is to be all but dead.—Maltbie D. Patcock.

The largest assortment of women's coat and suits; prices lower than elsewhere. Hart's.

### Years, Idle Years.

"Years have really very little to do with age. Some people are old at twenty-six, and others rather childish at sixty-five."—Michael Ferrys, by Mrs. Henry de la Pasture.

### Montana Sapphire Supreme.

The Yogo blue sapphire of Montana is worth more in the market of Europe than the Oriental sapphire. This gem is said to be worth \$50 a karat in the United States.

Get our price on coats, suits and furs. It will pay you. Hart's.

### Somewhat Mixed.

The process by which the cognomen of the Saxon saint who converted the Germans came to be the traditional literary designation of an inkkeeper is singular if true. Boniface, we are told, was anglicized as Bonny face. By a confusion almost as ludicrous St. Martin of Tours has become the patron of inkkeepers, so that the etymology of the trade seems rather mixed.

Perfect fit, and more style for your money in the line of women's ready to wear apparel, than elsewhere. Hart's.

### These Ultra-Sensitive People.

It is a great misfortune that so many people think it a mark of saintliness to be easily shocked, whereas the greatest saints of all are the people who are never shocked; they may be distressed; they may wish things different; but to be shocked is often nothing but a mark of vanity, a self-conscious desire that others should know how high one's standard, how sensitive one's conscience, is.—"Joyous Gard," by A. C. Benson.

### Hint to Readers.

For writing on the margins of newspapers sent through the mails a man was fined \$100 in the federal court. This is an offense many commit through ignorance. Uncle Sam has a school to teach them different, and the tuition comes mighty high.—Portland Oregonian.

October sale on coats, suits and dresses. Hart's.

### Have View of Ocean's Depths.

Every boat engaged in the Jamaican sponge industry has a water glass or pane of glass inserted in the bottom of a box or bucket, through which the sponges are readily detected.

### Neatly Expressed.

A reticent father recently signified his desire for reconciliation with the family prodigal by the following curt telegram: "Phibbs, London, to Phibbs, Denver, Colorado: Dinner is ready when you are."

### How It Happened.

The Chronic Meddler—"You are extremely bald, for one of your age." The Bareheaded Party—"Yes; get this way by putting into other people's affairs."

### They Know What's Coming.

When a man begins his after-dinner speech by saying: "I heard a good story the other day," a hopeless look overpreads the faces of those who are listening.

### M. D.'s Hurts Had to Wait.

Dr. Philip E. Krichbaum of South Fullerton avenue, Montclair, N. J., while hurrying to enter his automobile fell and fractured his right arm, and received severe bruises. Dr. Krichbaum, although suffering great pain, attended to his patient and then had his fractured limb set and his injuries dressed.—New York World.

### New Use for Paper.

Paper is of different thickness and pastebords made of it have already been shown, the latter even in sheets three-quarters of an inch thick. It is as hard as wood and can be easily painted and polished. It has all the good qualities, but none of the defects of wood. The pastebord can be used for door and window frames, architectural ornaments and all kinds of furniture.

### The New England Spirit.

One thing we New Englanders like about us is our all-around superiority to the people of the rest of this great and glorious country.—Springfield Union.

Call and look over my new stock of 5x12 rugs. M. HANEY.

### Her Various Garments.

Never mind about kissing a girl's glove as long as you can kiss her dainty coat of tan.

We sell good shoes for men, women and children. A free patent dust pan with every pair, for Saturday only. Hart's.

### Bald as a Badger.

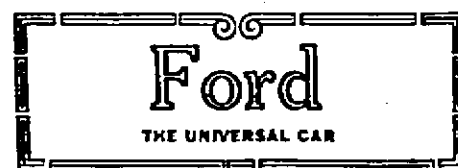

The phrase "bald as a badger," now falling into disuse, arose from the mistake of some of the old writers on natural history, who mistook the soft white hair on the forehead of a badger for baldness. The same mistake was made in dubbing the magnificent wheat-headed eagle (aquilla heliaca) the bald-headed eagle. The skin of the badger is by no means as white as a badger's head.

### Worth Remembering.

Just try to remember that your prejudice against a man doesn't necessarily make him contemptible.

### A Ton of Cysters.

There are 11,000 cysters of full size in a ton.

If you were all mind from your toes up, you couldn't remember half the good things you've heard of the Ford. It's the most talked of car of the day. And sterling merit has made it popular the world over.

Five hundred dollars is the new price of the Ford runabout; the touring car is five fifty; the town car seven fifty—all f.o.b. Detroit, complete with equipment. Get catalog and particulars from Matt Kristensen, Local Agent.
